2017 Membership Application

CLWA Objective 1

To promote stewardship of
the environmental, public
and social interests of the
area served by the
Association.

Other Programs and Activities

- Efforts by CLWA members resulted in walleye stocking in Crowe Lake in 2011, 2013, 2015 and 2016
- Endorsement of the Marmora Pumped Storage project
- Installation of 10 KPM speed sign on Beaver Creek bridge
- Staying in touch with local government to promote our goals and to keep stressing the importance of the environmental stewardship message

**Please invite your friends
and neighbours to join CLWA!**

Loon with Crayfish - Lloyd Holmes

We Care!

Join in supporting our goals.

Crowe Lake Waterway promotes and encourages the following responsible stewardship activities:

- Respect property lines.
- **Be considerate of others by skiing and boarding** out from the shore, as required in the boating regulations.
- Use environmentally friendly products and avoid the use of harsh chemicals.
- Understand how your septic system works.
- Observe the speed limits on the Crowe River and Beaver Creek.
- Follow safe boating regulations and use approved flotation devices.
- Maintain a strip of natural vegetation at the shore line.

Protect our wildlife and their habitat.
