Pierre Chabot (1948 – 2018)

Pierre died peacefully on the afternoon of Sunday July 1st 2018 with his family and friends by his side following a second challenge with cancer. Pierre will be greatly missed by his loving wife Judy McIlmoyle, his sister Michelle Chabot and his many friends in Marmora. A celebration of life was held in August.

Pierre was passionate about reading, loved all dogs, enjoyed carpentry projects and always looked forward to a good trip.

He was very active in the Friends of the Library and he built the computer work stations and the Librarian Office. He was a freelance translator and editor. He became the Editor of the CLWA Newsletter with the Fall 2010 issue and he is the reason it looks as great as it does. His ideas for layout and colors and illustrations were invaluable. A donation was made by CLWA to the Marmora Public Library in his memory.

CLWA All Candidates Night

We sponsored an All Candidates Night on Wednesday August 29th in the Community Center. The event was well attended by both candidates and audience members. Here is a quick summary of evening.

Good turnout - 150 + in audience, 11 of 12 candidates.

Lake development and FairTradeWorks were big concerns, lots of questions.

Lots of promises from candidates about planning process and environmental protections and citizen communication before development decisions are made.

Enforcement of by-laws got a good number of questions - why don't you do better job?

Question was raised about speed limit on river to stop wake problems and for boater safety. Promise was made to work on it if questioner sends letter to Council.

Ray Robitaille from the Cook Road Association asked about protecting access and ability to use the road in the event of development on Cook Road. He was assured that access would be protected.

Many candidates talked of transparency, better communication from Council to Citizens, their ability to do long-range planning, need to keep Marmora's young people in Marmora.

Lionel Bennett did a great job as moderator. Curtis Trimble and his staff were big help. The Lions Club held a similar event on September 26th.

Fall

Crowe Lake Matters

2018

Words from the President

The leaves haven't started to turn colour yet but it won't be long. The nights are cooler and the lake is definitely quiet except for the geese. We don't have fall leaves but we do have signs of the time – political signs. Every strategic street corner seems to have sprouted a crop of messages from people seeking the opportunity to represent us on Municipal Council. And so this has become the CLWA Election Newsletter.

On August 29th, CLWA sponsored an All Candidates Night. In preparation for the event, we did a survey of CLWA members to see what issues should be presented to the candidates. Then we sent a letter to all the candidates and shared those issues with them as we invited them to the All Candidates Night. At the same time, we invited them to submit a statement for publication in this newsletter. We had 11 of the 12 candidates at the event and all have given us a statement for this newsletter. We also had about 150 people show up for the Candidates Night.

There is a wealth of information from the candidates in Marmora and in Havelock available on the CLWA Website. The HBM Lake Associations Council sent a series of questions

to each candidate in the HBM Municipal Election. They compiled the responses and candidate statements. Their document is available on the CLWA website in the Elections 2018 Folder. Many of the election handouts from M&L Candidates can be seen in the same Elections 2018 folder. They were scanned and filed for you.

Marmora and Havelock are both electing new Mayors and there could be a lot of new faces on both Councils. We need to let them know that CLWA members are active participants in the process. We have to Vote. We have to make sure both Councils are aware of our concerns.

This is my first attempt at doing this, so I hope you will make allowances for that. Pierre Chabot did such a great job at doing the newsletter editor's job. It was always nice working with Pierre and I always appreciated the end product of his work but never fully understood the hours of work from the time I sent him pages of raw material until he sent me a draft newsletter. I would appreciate comments and suggestions and material is always welcome.

Marmora and Lake Municipal Elections Candidate Statements

Each candidate for Council in Marmora and Lake was invited to submit a statement for the CLWA Newsletter. The statements are the candidate's words. They were edited for space limit but positions on issues are as they were submitted.

Mayor

Linda Bracken

Since my retirement as the Manager of the Campbellford Memorial MultiCare Lodge I have been on council for 15 years; eleven years as a councillor and the last 4 as your Deputy Mayor.

As a Public Appointee of the Province I have served as a council member on the Ontario College of Nurses for eight years, I am presently serving as a Public Appointee as a council member on the Ontario College of Pharmacists completing my fifth year.

I have accumulated the knowledge, skills and abilities to be your Mayor by the following: my time on council, within my career, volunteering, continuing my education and multiple public and private sector connections.

Over the past four years I served on the following committees: Health and Accessibility Committee (chair), Committee of Adjustment, Central Hastings Family Health Team (served as Board Member and on the Finance Committee), Community Hub (Opened June 2017), Planning Committee, Emergency Management Group, Fire, Personnel Committee (served as Chair), Property Standards Appeals, Transportation Services, Central Hastings Public Transit Partners, and the Marmora Medical Centre Advisory Committee (served as Chair).

As we enhance services, we as a municipality continue to serve each of you in a cost-effective manner while still ensuring you have the lowest tax rate in Hastings County, who would want to change that. I have been on many boards and committees; from this I have gained experience working with various budgets, strategic planning, human resources and much more.

I am passionate about addressing poverty, economic development projects, accountability, public safety and services. I understand the need for low taxes and for respect of our environment to maintain our beautiful landscape and waterways. I want to continue to advocate for the needs of all individuals and families. I have the time and the commitment to work on their behalf.

I enjoy what I do and want to continue working for the municipality.

"I want the residence of our Municipality to be able to access what they need within their own community. I want our children's children to be able to work and buy a home here."

Jan O'Neill

It will be my honour As Mayor of Marmora and Lake to represent the constituents of Marmora and Lake on all issues that affect the standard of living and lifestyle of the entire community.

My roots in Marmora go back generations. My family (Crawford) and my late husband's family (O'Neill) lived in Marmora their entire life. My late husband and I were born and raised in Marmora. We always considered Marmora our HOME. My education, management skills and municipal experience qualify me to be the best choice for Mayor.

My **education** specific to Municipal Management consists of accreditation in the Association of Municipal Clerks and Treasurers of Ontario (AMCTO), a diploma in Personnel

and Industrial Relations, Durham College; a certificate in Municipal Law, St. Lawrence College; Occupational Health and Safety Certification and numerous other related courses and training.

I retired with twenty-five years public service **experience** from the Municipality of Clarington. I worked at many levels of **management** with various degrees of responsibility in the following departments: Public Works Operations and Engineering, Current and Capital Budgets, Cemetery Records and Management, Building Department Records, I interacted with all levels of government. I was appointed as staff municipal representative to numerous council committees such as Durham Region Emergency Planning Committee, Oak Ridges Trail Development, etc. I chaired the Durham College Administration Committee.

I was the evening, part time instructor for the AMCTO Program at Durham College for ten years. I am currently the Vice President of the General Motors Salaried Pension Organization.

I understand that the Crowe Lake Waterways Association is concerned with future developments proposed on Crowe Lake. I will vigorously represent you and your community/association concerns at all levels of government particularly concerning development. I will support and encourage municipal cooperation with business owners, agriculture and representative associations such as the Crowe Lake Waterways Association.

ELECT JAN O'NEILL for MAYOR of the MUNICIPALITY OF MARMORA AND LAKE

Contact: janoneillformayor@gmail.com

James A Smith

My first job was working at my father's law firm. I studied at the University of Calgary and Concordia University. I climbed Mt. Aconcagua (2nd highest peak in the world) with the Canadian Mount Everest team in the '80's. I worked professionally in the Motion Picture Industry for 20+ years including 3 years as a College Instructor. I learned the value and rewards of teamwork, leadership and setting goals. My partner, Laura and I started coming to Marmora and Lake to vacation in 2005 and soon after moved here permanently.

I have served on numerous committees and know how to run a meeting, Robert's rules etc. I have attended Marmora and Lake Municipal council meetings and worked with council and the Mayor on the development of projects I led the Deloro War Memorial project.

Honouring our Past and Building our Future. What kind of future do we want for our municipality? I want one that is thriving, exciting and a destination location. But we must ensure that Development also respects the environment and the needs of our citizens and is done in a transparent way. Issues like density, light and noise pollution on the lake, invasive species, water quality, should be paramount – people come here BECAUSE of the lake and the natural environment. We need to ensure these aspects are given proper review and analysis.

I will use my leadership experience in organizing and management to create dynamic policies for all Marmora and Lake citizens IN A TRANSPARENT WAY. People have a right to ask questions, have input, and clearly understand what is happening in terms of Development.

Questions I will address: What future is here for our young people? How do we ensure our seniors are treated well? How do we attract business and industry to our municipality while honouring our heritage and the natural environment? How do we strike a balance between Development and our rural/cottage lifestyle?

As your Mayor I will LISTEN to your concerns. I believe in leadership with vision and the ability to value all members of our community. Let's work together for the future of Marmora & Lake.

votejamesmithformayor@gmail.com <https://www.facebook.com/JamesSmithforMayor/>

Deputy Mayor

Kathy Hamilton

To obtain your digital or print copy of my flyer, phone me at 613-472-5285.

Please 'read in' my:

experience related to every government level;

demonstrated knowledge of our provincial Municipal Act, Planning Act, etc;

longtime interests in, and advocacy of, private property rights and informed consent;

past achievement – initiated from the audience side of the council table – of getting our Public Input at regular council meetings elevated from its former location near the bottom of regular council meeting agendas, to its new, default position near the top.

Although all of the restrictions incrementally imposed on Public Input since its post-election 2010 introduction were left intact, council's 2015 adoption of that singular 2014 mayoral election campaign interest of mine actually elevated all of us one step up my envisioned ladder toward achieving more democratic and productive public engagement with, and representation by, our local council.

Should Marmora & Lake's voters put me on the decision-making side of that table as Deputy Mayor, such aspirations are what you can expect will continue to make me 'tick'.

Let's talk interactively, so you can know why my other interests are in yours too!

Mike Stevens

I am running for deputy mayor after 4 years on council and having dealt with issues that concern you. I live on Dickey Lake and we face similar issues. We all want sustainable; environmentally friendly development on our lakes whether it be replacing homes; additions or larger development. It will come but it must be done right and with consultation.

Water and air pollution affects us all. We play in the water and many of us drink that water. A new mine development north of Steenburg Lake may affect that. It is in the headwaters of the Crowe system. Several hundred of us including your Pres. Ritch Smith attended the first public meeting. Information from several coalition groups will be forthcoming and we will share this.

Presently we enjoy the lowest tax rate in Hastings County. Roads are always a concern and the present council is trying to upgrade/repair our roads based on a "roads needs" study. At an approx cost of \$200,000 /km to bring many gravel road bases up to tar and chip standards and \$26,000/km to tar and chip over existing paved roads you can see how taxes can escalate quickly.

The municipality has invested prudently in existing facilities over the past few years. We have a renovated town hall, an arena with a large community hall with kitchen; a library and community hub above with offices and meeting rooms that government agencies and private enterprises can utilize. Our beautiful tourism centre and riverside park is envied by many. All of these are adequate for the demand we are seeing and into the foreseeable future

Please vote Mike Stevens Deputy Mayor. Common sense, fiscal responsibility, experience

Did You Know That...

...don't blow leaves in the lake as decomposing leaves can add phosphorus.

... an entomologist working at the Canadian National Collection of Insects, Arachnids, and Nematodes,

[Vazrick Nazari](#), discovered a previously undescribed species of moth. The scientific name for the new [moth species](#) would be *Neopalpa donaldtrumpi*. (Snopes)

... the very first Thanksgiving celebration in North America took place in 1578 in Canada when Martin Frobisher, from England and searching for the Northwest Passage, celebrated his safe arrival in the New World.

Candidates for Councillor

Three to be elected

Tonya Brown

Hello fellow Marmora and Lake Residents! The winds of change are upon your fingertips... This October Make Your Vote Count! Vote Tonya Brown for Councillor.

Marmora is known for its tight knit community and friendly atmosphere. Growing up here I knew I would call Marmora home and raise my family here. As a local Farmer and business owner we need to reflect what's important for this community. We need infrastructure. We need fiscal responsibility on government spending and taxation. We need to consider the welfare and the interests of our community and bring issues or concerns and promote ideas for community enhancement. We need to diversify, and provide local programs for younger generations. Our future is our children and I am a believer in "it takes a village to raise a family". We need to ensure Marmora gets the right services, support, and representation it deserves.

With 20 years' Industry experience in Construction, Oil & Energy; a proven track record as a self-starter who demonstrates and performs supervisory and management functions, a motivated team player with a strong drive for success, and my passion for this community, by working together, We can make a difference!

Thank you

William Campion

Lifetime resident of Marmara and Lake, married 44 years, 41 years in Real Estate Sales and Service in local area, self-employed in home construction and renovations for 16 years. Owned and operated Real Estate Brokerage since 1992 (W Campion Realty Ltd) successfully operating and located on #7 Hwy in Marmara. Owned and operated successful campground and cottage resort on Round Lake for 16 years (2002 - 2017). Reside in Riverside Pines just south of Marmora Village. Own vacant 5.7 acre waterfront property on Crowe Lake (Blairton Bay). Lived on Crowe Lake for 22 years on Marble Point Road.

Reasons for running for council: I now have more time available as I sold my resort on Round Lake, extensive knowledge of Marmara and Lake and decades of negotiating skills will benefit future decisions made by council.

Priorities and Concerns

- Municipal water extension along Hwy II 7 to promote commercial development.
- Encourage natural gas extension along #Hwy #7 and higher density areas e. g. Marble Point Rd, Booster Park Rd, River Garden DR., Riverside Pines.
- Road improvement e.g. McCleary Rd, Highshore Rd, Riverside Pines.
- Fairer property taxation, some are too high and some too low.
- Open council, transparent and approachable.
- Financial accountability, plus review of present expenditures.
- Maintaining low water and sewer rates.
- Enforcement of property standards by laws.
- Oppose any introduction of lot and construction levies, making housing more affordable now and in the future.
- Address traffic problem on # 7 Hwy e.g. new stoplights, lower speed limits.
- Create a long term plan for construction waste and garbage e.g. transfer station, recycling, burning facility. (Instead of burying it and polluting our land and water systems)
- Work to encourage a new financial institution and a full-time legal office.

DON'T WASTE MY MONEY AND I WON'T WASTE YOURS

VOTE WILLIAM CAMPION 613-472-1880 williamcampion7@gmail.com

Jason Carman, Ron Derry & Bernie Donaldson joint statement

I, Jason Carman, Bernie Donaldson, and Ron Derry wish to address the Crowe Lake Waterway Association by sharing some thoughts and details about ourselves and our platform.

We are all lifelong members of the Marmora and Lake community and share a common vision for ways to make the place we all call home - better. We all envision our role on council as one that supplies an "agenda free" voice to achieve necessary goals and build a stronger community.

One of the focus areas that needs addressing is accountable spending. We need to ensure that tax dollars are used wisely and efficiently. We understand that taxes need to remain at a reasonable rate by ensuring responsible spending of individuals and departments. We believe that tax payers should receive the very best services possible and it is our mandate to ensure this happens.

We believe council's decisions and discussions should

be open and transparent so that members of the community can voice their concerns and share in the decision making process. We would like council meetings to be staggered (one day/one night) to ensure equal representation from all members. We will communicate with members of the community and local businesses with honesty to ensure that your issues and concerns are heard and fully addressed.

We need to sharpen our focus on short term goals without sacrificing long term ones. We believe that individual roads need be prioritized to receive immediate care so that our roads are safe and fully usable. We believe development is good when it follows the rules and regulations as outlined by the Municipality and the Hastings County Planning Department. Our goal is to protect the environment by working with the Crowe Valley Conservation Authority to protect the plants and species.

Through on-going discussions with the member of the CLWA we have compiled a list of concerns and issues that need to be addressed (safely concerns from Mags Landing, increased boat traffic, speed, and noise, council taking full recognition to protecting the lake as a residential area, enforcement of 'bylaws'). We believe that all discussions concerning development near the waterway must include residents/ properly owners on the waterway and all other interested parties being part of every and all discussion.

Russell Coens

As your counsellor, I want to ensure that our resources, both the environment and the people are protected. I support economic development because that brings jobs and a future into our community BUT that development must be fiscally viable for the long term and it MUST adhere to all the environmental assessments necessary to ensure that our land and waterways are protected. To this end, my intention is to ensure that all environmental and impact assessments are done by council approved professionals.

I have extensive experience in dealing with all aspects of project management from budgeting, project proposal, meeting civil engineering requirements, dealing with municipalities, and overseeing all phases of construction. I will bring this diverse set of knowledge to assess of all proposed development. I want to protect our amazing recreational opportunities and at the same time honour the needs of our growing community in terms of living and employment opportunities. I will bring positive energy, experience, knowledge, and dedication to finding a healthy balance

between the needs of the environment and the needs of the community.

Experience

- * more than 20 years progressive experience in business management
- * well versed in financial planning & budgeting
- * over 30 years coaching youth sports programs
- * member of OFA, BFH, OGWA, past board member of 2 Condo corporations and Peterborough Home builder's association

Why I am running for Council

I am proud of our community and want to represent you to listen and be your voice and be part of the team that builds a better future for everyone that calls Marmora and Lake home.

I hope you put your trust in me. Vote Russell Coens on October 22, 2018

Lorrie Tannahill

The 2018 election is getting exciting and I am asking for your support! I am seeking a Councillor position, and I am 100% committed to working for YOU. I will introduce and address your concerns at meetings, your questions will be answered and I will always make decisions with the best interest of the residents of Marmora and Lake. But, most importantly, I will not forget the people who put their trust in me and I will work hard and diligently to keep that trust.

Some important issues include the future of Crowe Lake, resident's comments that they don't feel Council is listening to them and the overall tax paid vs. services received concern. CLWA members would have my word I will be your voice for any projects that are brought to the table and I will be your liaison between Members and Council.

In addition to the above, I have many exciting ideas for our town. The possibility of group health care, community dinners, a "Choose Me" work ethics training program to assist youth and adults in gaining employment above others, an early-age youth program that gets children interested in the town and engaged in positive activities.

I have the experience, dedication, commitment and tenacity to move forward with the help of the new council and your vote. I look forward to working with you and taking on the challenges that arise over the next 4 years. VOTE Lorrie Tannahill

CLWA AGM

The AGM was Saturday July 14th at the Marmora Curling Club. The meeting was an opportunity for members to hear reports on the year's activities and to elect officers and Directors for 2018-2019. About 30 members were in attendance.

The Mayors of Marmora and Lake and Havelock-Belmont-Methuen were unable to attend this year. Terry Clemens and Ron Gerow have been our guests for many years. Both have decided not to seek another term. Tim Pidduck, General Manager at the Crowe Valley Conservation Authority became our featured speaker. He fielded a lot of questions and it was a good discussion.

Tim pointed out that the Regulation Program reminds owners that you must get in touch with them regarding any work on shoreline. Robert Cole, Vickie Woolfrey are new contacts. This is an increase in staffing to speed up the approval process for applications to approximately two to two ½ weeks. In 2017, CVCA received 270 applications and only turned down one.

CVCA met with consultants for Crowe Hill Estates in late February. They are still looking at CVCA concerns about the project. There has been no communication with CVCA regarding Blairton Terrace, in Havelock-Belmont-Methuen. Members expressed concern about the complications of two counties involved in review and approval of the developments.

Reports from the CLWA Committees made up the rest of the meeting. The reports will be printed in future Newsletters. In New Business, a committee was established to study the cattail problem. Past President Norma Crofts, Jeff Alderson and Chris Reid will gather information from CLWA members and others who have experienced cattail problems in the past 2 or 3 years and will talk with CVCA and others.

Past President Norma Crofts conducted the election of Officers and Directors. In spite of repeated pleas for volunteers there are two vacant positions on the Board and a number of committee opportunities. The vacancies and the lack of volunteers to work on some of the CLWA tasks are of great concern. The refreshments and support provided by the Curling Club were outstanding.

CLWA Photo Contest

We are now inviting submissions for the 2018 CLWA Photo Contest. The contest is open to anyone. Photos will be judged in three categories by an anonymous panel of experts. The categories are:

- Crowe Lake and Its Beauty
- Wildlife Around the Crowe
- Recreation on the Crowe Lake Waterways

Photographs must be taken around Crowe Lake, Crowe River or Beaver Creek within the last two years. Send your name, address, telephone number, photo category *with a caption or a title*, and information on where the photograph was taken with each photo submitted. By entering, you are acknowledging your permission for CLWA to use your photo(s).

Prizes in each category:

1st prize \$50; 2nd prize \$30; 3rd prize \$20; and Honorable Mention.

There is a limit of one entry per category for a maximum of three pictures per person. There will be a limit of one cash prize per person, but there is no limit to the number of Honorable Mentions awards per person or per category.

Photos must be in a JPEG digital or a printed 4"x6" format.

Printed photos are to be mailed to: CLWA, Box 192, Marmora, ON, K0K 2M0 or dropped in the CLWA box at Marmora Insurance (Bennett's) on Forsythe Street in Marmora. On-line entries should be emailed to:

info@clwa.ca.

Any entry method is acceptable but on-line is preferred.

Entries must be received on or before Thursday, November 1, 2018.

Winning Photos will be published in the CLWA Winter Newsletter and in other CLWA or local publications. They will be posted on the CLWA Website and Facebook Page. The past winners can be found on the CLWA website at:

www.clwa.ca.
