## A Second FTW Project on Crowe Lake

FairTradeWorks (FTW) has acquired a second piece of property on Crowe Lake and is planning another development project, this one to be called Blairton Terrace. The vacant land is at the west end of the lake in the Belmont Ward of Havelock-Belmont-Methuen (HBM).

They have executed a Pre-development Agreement with HBM and have started technical studies and consultation meetings with officials in HBM and Peterborough County.

The proposed development is described as a plan of condominiums with a total of 40 units or lots of a minimum of 1 acre each. It includes a condominium road extending from Terrace Road on the east through the property to the end of the Blairton Tent and Trailer Road on the west. The road will be owned and maintained by the condominium corporation. The development also features a communal waterfront area with communal docking and a picnic pavilion.

Planning approvals from the Municipality of HBM and the County of Peterborough will be required and include approval of the Draft Plan, amendment to the HBM Official Plan, and amendment to the HBM Comprehensive Zoning By-law. The shoreline and natural features such as wetlands will be designated as "Environmental Protection".

The amendment to the zoning by-law will designate the residential units as "Seasonal Residential" to recognize seasonal occupancy. The full application submission is anticipated by October 20. The studies and application material will be posted on the HBM website.

CLWA representatives are meeting with officials in HBM, Peterborough, Marmora and Lake, and the Crowe Valley Conservation Authority. We are also talking with property owners in the neighborhood and experts in waterfront development and zoning. We will be reviewing the materials submitted and are enlisting the assistance of volunteers with technical expertise in these areas.

We are asking for the assistance of any CLWA member with information or expertise that can help us to formulate an appropriate response to this proposed development. People with backgrounds in hydrology and environmental science would be very helpful.

## Our Position

The CLWA is not opposed to economic development on the lake provided it is done in a manner that respects the nature of the lake and the rights of the lake residents and users and protects the environment.

In 2014 the CLWA adopted a Waterfront Development Policy Statement. It is posted on our website. It states, in part, "CLWA recognizes benefits of economic development and the right of property owner to develop property, but not to the detriment of the environment, the waterway, or other waterway residents".

This has been our position regarding the proposed development at 621 Cook Road, Crow Hill Estates, and it continues to be our position.

## Crowe Lake Matters

# 2017

## Words from the President

We had a very successful summer! The Boat Parade and Fireworks on Canada Day were a great celebration of Canada 150. We involved more people as participants and, importantly, as volunteers. We continue to try to involve more people in everything the organization is doing. We added Scavenger Hunts in cooperation with Bayview Park and Booster Park this year and I hope they will be an annual event and will spread to the other Parks on the waterway.

The Summer Fishing Derby had good participation and we really appreciate the relationship we have with Chris' Live Bait.

The deadline for submitting entries for the Photo Contest is 1 November. We added a fourth category to recognize Canada 150 celebrations. Please participate. We get great photos every year and we find lots of uses for them.

Email:  
[info@clwa.ca](mailto:info@clwa.ca)

At the end of September we suddenly learned that we are confronted with a second development proposal for Crowe Lake. The article on Page 1 provides information about the development and what we are doing to respond. We have developed a good working relationship with the Councils in Marmora and in Havelock and Hastings County. I hope we can all work together. We need to hear your thoughts on the 2 projects being proposed and if there is a way you think you could be of assistance as we go forward. You can send us an email or you can talk to anybody on the Board.

Membership is at 211 at the end of September with 16 new members. After 1 October new members are counted as members for the following year, therefore the end of September count is always significant to me. At the end of September 2016 we had 200 members. At the AGM in July, membership was 188 with 7 new members and I was concerned but everybody kept working on getting people to join and to renew. It paid off. Thanks to everyone who helped recruit all year. Names of our new members are listed further on in the Newsletter. They're your neighbors so say hello and thank them for joining CLWA.

Thank You for continuing to support the Crowe Lake Waterway Association.

## Judy Durbatch Appointed To M&L Council

Judy Durbatch has been named to the Marmora and Lake Council to fill the unexpired term of Elaine Jones. Elaine announced she was resigning from the M&L Council as of July 31.

The Council had several ways to fill the vacancy according to the Municipal Act. The options were to:

1. appoint a person to the office,
2. hold a special election or
3. advertise the vacancy and requested applicants apply with a resumé and allow Council members to select.

They decided to use the third option because of the expense of a special election.

Interviews were held in an open forum on September 12 with 10 applicants presenting their qualifications and stating their case for being appointed. The decision was announced by the Council on September 19 at the regular Council meeting.

Elaine had been on the Council for 11 years. She was serving on the Community Service, Cemetery, SnoFest, and Community Policing Advisory Committees and the Library Board.

She and husband Bill have moved to Lindsay. They were members of CLWA for many years.

## Thank You to Fireworks Volunteers

*from Bill Neill*

Jim Nichol, Dave Bedore, Wayne White, Jim Rose, and Ritch Smith worked under direction of Bill Neill for 4 days to prepare the barges, prepare and load the fireworks, launch the barges, and then clean the barges and store the equipment for next year.

Randy Vilnef, Brynn Vilnef, Andrew White – our super fireworks detonation team – put in a long day on Canada Day. They started early in the morning and went until midnight when the show was finished and the barges back on land.

Thanks for giving your time and effort for a great Canada Day celebration.

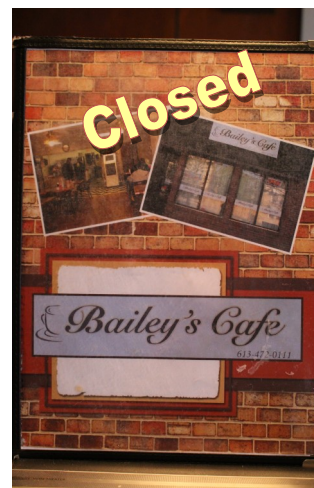

## CLWA New Members

- Tim Maung, Blairton Road

## Bailey's Café Closed

After seven years, they turned off the grill for the last time on Sunday September 3, after the Sunday lunch crowd was served. The building with Baileys and B&F Fabric has been purchased by FairTrade-Works. It will be demolished and be rebuilt as an apartment building.

Mike and Amanda decided this was a good time to retire. Amanda plans to continue to operate B&F Fabric from her home. Mike said he plans to do "nothin' at all".

## Did You Know That

... Canadians eat 55% more Kraft macaroni and cheese than Americans

...39 percent of American schools are seeing a decline in international applications over last year, Canada may potentially benefit from the windfall. The University of Toronto, the largest university in Canada, has seen applications from abroad increase 20 percent.

... A startup company in China that sought to apply the bike-sharing business model to umbrellas has lost almost 300,000 umbrellas over the course of a few weeks in business.

## Parkin's Professional Building Opened September 11

from article by Sue Dickens, Freelancer/Metroland

The Forsyth Street landmark and former home and office of Dr. Herb Parkin was opened in mid-September at a gala launch party attended by federal and provincial politicians, local business leaders, professional partners and the media.

It was officially opened by the guest of honour, Mary Jane Goodchild, the daughter of Dr. Parkin.

The structure has been divided into eight offices to act as a one-stop professional centre for legal, real estate and lending practices. "The heritage structure did not require a lot of retrofits and we should note that the building stands as strong today as it did in the 1800s," said FairTradeWorks founder and president Jim Perkins.

Occupancy will be complete by October. New tenants include local resident and realtor Mary Provost and her Royal LePage Proalliance Realty Team, Cordova Mines-born lawyer Melanie Williams of Law in Motion, and personal lending specialist Curtis Kirkey of Scotiabank. The building will also serve as the headquarters for FairTradeWorks Ontario operations.

Mary Provost is a long-time member, advertiser and supporter of CLWA. Jim Perkins is also a member of CLWA.

## CLWA AGM

from Sue Dickens, Freelance/Metroland, and Marge Kitchen, News On 7

The Crowe Lake Waterway Association (CLWA) held their annual meeting on Saturday July 15<sup>th</sup> at the Marmora Curling Club. It was attended by 30 to 40 CLWA members. Attendance was lower than in prior years but many felt it was because the sun was shining for the first time in many weeks.

The meeting was an opportunity for members to hear reports on the year's activities and to elect Officers and Directors for 2017-2018.

It has been the practice in past years to invite representatives from the Councils in Marmora and Lake and Havelock-Belmont-Methuen to speak to the group. This year Mayor Terry Clemens and Mayor Ron Gerow reviewed activity in the municipalities that have particular impact on the waterway and the association members. There was a lot of discussion and questions for the Mayors about the Crowe Valley Conservation Authority annual costs and about the two Fair Trade Works developments proposed for Crowe Lake.

CLWA President, Ritch Smith, told the Mayors how much the attendees appreciate their willingness to spend time with them each year and thanked them for their time and information.

Reports from the CLWA Committees made up the last half of the meeting. After the reports, Past President Norma Crofts conducted the election of Officers and Directors. The 2016-17 team was re-elected.

The meeting closed before noon, as promised by the Agenda, and ended with the singing of O Canada and the cutting of a Canada 150 cake. The refreshments and support provided by the Curling Club were outstanding. Thanks to Jason Coveney, Myrtle Barry and Donna Gabourie for their help.

# 2017 CLWA Committee Reports

## Treasurer Report: Elinor White

This past year, our revenues were down over 2015/16 by \$3200 due mainly because of lost members or late renewals. Your board responded accordingly keeping our annual expenses down by \$7000 over the previous year. Bill Neill did a fantastic job, as usual, on our July 1<sup>st</sup> celebration and he did it by spending 33% less than the previous year. We saved money on our newsletter publications and hence our postage and we trimmed our event expenditures. There is no free lunch on this board and members supply their own coffee and cookies at meetings.

New members and renewing members showed us that they like what we do by generously supporting our programs. We thank you. Two Canada Day Celebration events – the kayak/canoe trail and the Concert on the Lake did not take place for lack of volunteers and not because of funding. Bayview Trailer Park, Booster Park and the Federal Government are very strong supporters of our Association through their Canada Day Celebration donations. Our scavenger hunt at both Booster and Bayview Parks was attended by 150 children and their families. We will continue to do our water testing, rocks and shoals and support the ongoing health of our lake and waterways.

At close of this year, we have approximately 80% of our previous year's operating expenses in our account. We hold our two GIC's in reserve. Next month, we will be setting our goals and expenditures with this figure in mind. Our members and our volunteers are the life blood of our organization. We can't operate without you.

## Membership (as of AGM): Ritch Smith

- 2017 Members 188 vs 201 at AGM 2016, 193 at AGM 2015, 186 at 2014
- Prior Year Unpaid 32 vs 20 at AGM 2016, 25 at 2015 AGM, 18 at 2014
- New Members 7 vs 15 at AGM 2016, 19 at 2015 AGM, 22 at 2014
- 85 % Renewal Rate for 2017
- Thank You to Sign Captains: Glenn Caverly, David Green, Tom O'Neill, Jerry Pascoe, Rosemary Pascoe, Bill Neill

Thank You to Board Members for their recruitment efforts, especially Sandy Kiovusalo and Elinor White.

## Newsletter: Ritch Smith

- Newsletter: about 275 copies sent each issue; about 100 by mail and 175 by email; includes emailing about 20 copies to advertisers and 20 to 25 to friends of CLWA
- Advertising: 19 on an annual contract, advertising space is about 1/3 of newsletter, pays for newsletter and postage for mailed copies
- Articles: CLWA activity, lake and environment topics, local news, miscellaneous
- Always welcome comments, articles, photos, suggestions, help

Thanks to Judy O'Grady and Dave Savournin for help with mailing and to John and Norma Crofts for proof-reading each issue.

Thanks to Sandy Koivusalo for controlling our advertisers. She has everyone on annual contract now, keeps track of who is ready for renewal, finds new advertisers for both newsletter and website.

Thanks to Pierre Chabot for layout work and to Veronica Crawford in Mary Provost's office.

## Water Quality Report: Sandy Fraser

There is very little change in the lake quality. Testing was done this spring with the following results:

- Phosphorous: 6.8 and 7.4 micro grams/litre meaning algae will not happen,
- Water clarity is 4.6 to 4.8 which is good and the same since 2000,
- Calcium is moderate to high at 23.3 mg/litre. Fish need 1 mg to live so the lake is healthy.

# 2017 CLWA Committee Reports

## Lighted Boat Parade: Bill Neill

Due to the parade leader (me) being absent from the scene, the Lighted boat parade got off to a late and disorganized start. In my own defence the fireworks barges were delayed in launching as a result of the rain and frankly the barges took priority. Fortunately Wayne White and crew stepped in and took over as leader and the parade carried on. We eventually caught up and remained as tail gunner.

There were about 40 to 50 boats in the parade and the groups on shore were numerous by all appearances enjoying the parade prior to the firework display. Considering the weather, we felt there was a good turn-out for the parade.

Due to the growth of the fireworks and the added responsibilities that go with it this parade will be my last as parade leader.

## Fireworks Display: Bill Neill

During the post-event review of 2016 fireworks it was concluded that we had out-grown the current barge both in weight and space limitations. This is a barge that Bonter Marine has generously loaned to us each year, allowing our team to modify and alter it at will. We owe them a debt of thanks. We entered into an agreement with Bonter Marine that we would repair a damaged barge on-site in exchange for access it for the Fireworks, giving us a second barge.

As it is Canada's 150, we attempted to provide an even bigger and better show. In doing so we searched out a number of new suppliers from Spain, Mexico, and Portugal as well as the usual China supplier. In doing so we were able to provide a greater variety.

The two barges were towed out into the lake and put in place by the detonation team of Randy Vilneff and son Brynn, Andrew White and Jim Rose. They gave us the best show ever.

## Photo Contest: Ritch Smith

We had 17 entries – a decrease in number of entries from 2015 and 2016. We added a fourth category for 2017 to recognize Canada 150. Deadline date is November 1, 2017.

The photo contest is an important source of photos for our newsletters, membership brochure and our website. However, the declining participation is cause for concern.

# 2017 CLWA Committee Reports

## Fishing Report: Paul Morton

The Summer Fishing Derby was again run by Chris' Live Bait with prizes and financial assistance from CLWA. It had 105 entries this year and about half the entries were children. A total of 145 pike were taken out of the lake. The biggest was 7.5 pounds.

The Winter Ice Fishing Pike Only Fishing Derby was a great success. The event was cancelled in 2016 because of the danger of thin ice but there was no fear of that this year. February 18, 2017 was a beautiful day for fishing on a frozen Crowe Lake. There were 140 adults and 30 kids in the Derby and they caught 45 pike with a combined weight of 106 lbs 3 oz. The average pike weighed in at 2 lbs 4 oz. The heaviest pike was 5 lbs 8 oz, and the smallest weighed 15 ounces.

In the fall of 2016, CLWA assisted the MNR in putting 25,000 Walleye fingerlings in the lake. This brings total stocking to almost 100,000 since starting in 2011. The MNR still needs to hear about any pike caught with clipped fins on fish caught. They like a picture of the fish if possible.

## Rocks and Shoals Report: Vesa Koivusalo

The following report outlines the activities relating to placement of markers warning boaters on Crowe River and Crowe Lake of known underwater rocks and shoals in 2016-17:

- Task is performed by Rob Harding and Ken Parton.
- Markers are scheduled to be placed by the May long weekend and removed after the Thanksgiving weekend. This year due to high water levels, 42 markers were placed on May 24/25
- Four or five markers are lost each year, so Rob decided to use 3/16 inch rope instead of 1/8 inch. By the end of June no markers had been lost.
- It's always good to have more inventory on hand so any donations of brake rotors (preferably not from large pickup trucks) and 4 -litre bleach bottles would be appreciated.
- If anyone knows of spots where markers should be placed, please let a Board member know and Rob will be notified and will accompany you to the suggested location.
- Unfortunately, Ken Parton is moving out of the area, so thank you to Ken for his years of helping place the markers. Rob is currently looking for a replacement.

**Disclaimer:** The Crowe Lake Waterway Association (CLWA) assumes no responsibility for the accuracy or completeness of these or other hazard markers. Their installation and maintenance is solely an assist to safe boating. Boaters are still required to exercise caution in respect to water depth and unforeseen hazards.

# 2017 CLWA Commitee Reports

## Social Media: David Savournin

### CLWA WEBSITE - July 13 2016 (last AGM) to July 13 2017

The website is our main information dissemination channel. It's our online information store, if you will -  
Total website Visitors = 1,276 – a 14% increase over last year  
27% Returning Visitors and 73% New Visitors vs. 25% and 75% last year  
They viewed 5,069 Pages – a 20% increase over last year  
Averaging 3.9 CLWA Page Views per Visitor – up 1 page over last year  
Average time spent viewing a web page was 1:58 minutes vs. 1:37 last year  
The busiest times were late-July to end of August 2016; June to July 1, 2017  
Traffic since July 1, which was higher than July 1 last year, is down almost 4% versus the same period last year.

### FACEBOOK

Facebook is working even better for CLWA vs. last year. It has become our main social media communication tool.  
Total Page Likes are 236 vs. 143 at this time last year, an increase of 93 (65%).  
Our June 23, 2017 post reminding everyone about the Boat Parade and Fireworks Display, achieved 2,155 unique visits and 27 Shares compared to 544 unique visits and 12 shares for a June 27, 2016 post – a 396% increase in Views  
The Rain Delay information post achieved 3,006 visits (515 in 2016) and 35 Shares (13 in 2016)  
Our 'The Show is on the Road' post received 1,657 Views and 14 Shares. That got the 'It's a Go!' message out really quickly.

Facebook continues to prove that it is the most effective, no-cost communication channel for a not-for-profit organization like CLWA. We will continue to maximize use of it in the future.

### TWITTER

CLWA does have a Twitter account, but it only has one or two followers.

#### Thank you to all of you who have visited The Cottage!

We have received our Spring & Summer Clothing Lines and we are looking forward to the Summer Season.

We are located on Highway #7 at the east end of Havelock, (next to Woody Burger).

## Public Relations: Sandra Koivusalo

Presently the CLWA has 15 advertisers who have supported us over the years with their various size ads. For their support we thank them. Please visit them and mention seeing their ad in the CLWA newsletter.

Our ads are from the businesses here in the Marmora area as well as the Havelock, Dourou Dummer area with our newest advertiser being the Belmont Lake Brewery.

Sadly, two of our owners and their businesses are retiring at the end of August. Bailey's Cafe and BF Fabrics and Notions will be greatly missed but of course we wish Mike and Amanda a Happy Retirement. As a result of this, we presently have room for either 3 business size ads of 1/8 page or a 1/4 size ad and a 1/8 size page. If anyone knows of a business that would like to advertise with us, please send us a suggestion or have them contact us at [info@clwa.ca](mailto:info@clwa.ca).

We continue to advertise CLWA events in numerous local newsletters and tourism magazines and on a variety of websites.

## Scavenger Hunts at Bayview and Booster Park on Canada Day

Hundreds of children at Bayview Park and Booster Park ran all over the park looking for an odd variety of items as part of a Canada Day scavenger hunt. The activity was organized by the staff at the parks and supported by a good crew of volunteers. Volunteers at Bayview included Blaze Letterio, Rocco Letterio, Kaitlyn Coates, Brianna Santacona, Olivia Costabile, and Mackenzie Wright. The volunteer in Booster Park was Hannah Levere. Elinor White, the CLWA Treasurer and Super Kid-Activity Organizer, spear-headed the project, lined up the parks and put the prize bags together. Hopefully, this will become an annual event at all the parks.

## CLWA Photo Contest Accepting Entries to November 1, 2017

The CLWA is seeking entries for the 2017 Photo Contest.  
Photos must be in one of 4 categories:

- Crowe Lake and Its Beauty
- Wildlife Around the Crowe
- Recreation on the Crowe Lake Waterways
- Celebrate Canada 150

Photographs must be taken around Crowe Lake, Crowe River (including Memorial Park in Marmora) or Beaver Creek to be eligible. Each photo requires your name, address, telephone number, *photo caption or title*, date and information on where the photograph was taken. Photos must have been taken within two years of contest. By entering, you are acknowledging your permission for CLWA to use your photo(s).

Prizes in each category: 1st prize \$50; 2nd prize \$30; 3rd prize \$20; and Honorable Mention.

There is a limit of one entry per category for a total maximum of four submitted pictures per person. There will be a limit of one cash prize per person, but there is no limit to the number of Honorable Mentions awards per person or per category.

Photos must be in a JPEG digital or printed 4"x6" format.

Printed photos are to be mailed to: CLWA, Box 192, Marmora, ON, K0K 2M0 or dropped in the CLWA box at Marmora Insurance (Bennett's) on Forsythe Street in Marmora. On-line entries should be emailed to:

[info@clwa.ca](mailto:info@clwa.ca).

Any entry method is acceptable but on-line is preferred.

Entries must be received on or before Wednesday, November 1, 2017.

The past winners can be found on the CLWA website at: [www.clwa.ca](http://www.clwa.ca). Winning Photos will be published in the Winter Newsletter.

## The Leaky Raft by James Dalton - Growing Up in Deloro

Jim Dalton was born in Ottawa in 1936 and at age three his family moved to Deloro. *The Leaky Raft: A Village Raises A Child* is the true story of Jim and his brother David and their childhood in Deloro.

Jim returned to Marmora in early September for a book signing program sponsored by the Marmora Historical Foundation. The program included a reading by Jim of one of the chapters. Jim shared his memories of Deloro and the people he and his brother knew and grew up with. There were 5 or 6 people in the audience of about 40 who are part of the story and are mentioned in the book. Jim donated several copies of the book to the Marmora Library. Signed copies can be purchased at the Marmora Historical Foundation. It is also available on-line from Amazon.

## Coming Events

### 2017

- Nov 1 Deadline for Photo Contest entries

## Summer Fishing Derby Results

The Crowe Lake Pike Only Fishing Derby was held on Saturday July 8. It was sponsored by Chris' Live Bait. There were 113 adults and 30 kids entered this year. The biggest pike was caught by Fred Schuh and it weighed in at 7 pounds 8 ounces. Second biggest was David Lucas at 6 pounds 15 ounces and Gord Visee at 6 pounds 6 ounces was third. In the Kids group Hunter James had the biggest pike at 3 pounds 3 ounces. Second and third went to Preston Drew at 3 pounds and Maddy Scott at 2 pounds 8 ounces.

All the entry money was returned to the participants in the form of prizes or gift certificates. The Crowe Lake Waterway Association donated to two gift certificates. Chris' Live Bait also sponsors a Winter Ice Fishing Pike Only Fishing Derby.

## Canada 150 Painting by Marmora Artist in Library

*We Stand On Guard For Thee* by Christine Dominico is on display in the Marmora Library

"This is my first 150th Canada's Birthday project. It celebrates some of the many unsung heroines of Canada, including our aboriginal people who cannot understand a 150th birthday celebration! The wolf recalls that women work well in a group, the Owl recognizes women's intuition and foresight and the bear celebrates the female instinct to protect those helpless and dependent of our nation. The smaller close-up shows the faces, names and causes women have fought for in Canada in order to make our country a more just and free society." A future issue of the CLWA Newsletter will have more information about Christine and more pictures of her work. Her website is [www.christinedominico.com](http://www.christinedominico.com). Her studio is in Marmora.
