### Canada Day Fireworks Funding Update

As suspected, the Federal Government did not support our grant request or phone call follow up for Canada Day funding because we are not holding our lighted boat parade and fireworks on the lake on July 1<sup>st</sup>.

The loss is approximately \$2,500 in federal funding. As long as we continue to hold our celebration on a day other than July 1<sup>st</sup>, we will not qualify for financial support.

But, the fireworks are going forward despite this financial loss because of the generosity of so many of our members.

Ruth Berger, owner of Bayview Trailer Park feels our event is very important and proved that with a donation and an offer to do fundraising. Mary Provost at Royal LePage supported our event with a nice donation. Northland Power is supporting us for the third year and we have several other businesses offering financial assistance.

**With all this support we achieved  
our budget goal  
and the show will go on.**

*Elinor White - Treasurer*

### Municipal Election Set for October 27

#### When is the election?

October 27th, 2014, to elect the one Reeve, one Deputy Reeve, and three Councilors to a 4-year term.

#### Who can vote?

Canadian citizens, 18 years and older, resident of the municipality or owner or tenant of property in the municipality (seasonal owners) and spouse of owner/tenant.

#### Where can you vote?

You can vote in each municipality where you own property; you can vote by mail in the Marmora Municipal election; in-person voting on Election Day will be at the Municipal building.

#### Only vote once per municipality

If a resident has properties in 2 wards of a municipality, they can only vote in one ward.

#### Who determines residency?

You do, as per Municipal Property Assessment Corporation (MPAC) records.

### Lost and Found on Website

Did the ice and high water remove something from your shoreline? Did it deposit something on your shoreline? The CLWA website has added a Lost and Found section to help resolve this issue. You can tell us what you found or what's missing and we'll add it to the website. This will be a temporary feature of the CLWA website, and we're not looking for cats and dogs, but maybe it will be helpful. Send the information to [info@clwa.ca](mailto:info@clwa.ca) and we'll post it for you.

# Summer

**AGM - July 19 - Marmora Curling Club**

# 2014

## Words from the President

The CLWA World Famous Lighted Boat Parade And Fireworks On The Lake is on schedule for another grand display.

We overcame the financial obstacles thanks to the generosity of our members, our corporate sponsors, and a little "pass the hat" at Booster Park, and Bayview Trailer Park.

And, we got great cooperation from our fireworks supplier. It should be a dynamite show (sorry, couldn't resist).

**Get the family together and join us on the lake or from your dock and enjoy the evening.**

It's an election year for Marmora and Lake Municipal Council. Did you know that you can vote in it even if you are a seasonal resident? We have several articles related to the election and voting.

It's also election time for CLWA at the AGM on July 19. Perhaps you're interested in running for a position – in either election.

CLWA is always looking for more member involvement on the Board. And, it is important to have the lake property owner perspective represented on the Municipal Council.

The AGM is Saturday, July 19<sup>th</sup> and we've moved to a new location – the Marmora Curling Club on Crawford Avenue next to the Community Centre.

We were pretty crowded in the Library last year and we want to accommodate a bigger crowd this year.

The agenda includes invited guests from M&L and HBM, OPP, and CVCA; reports from our CLWA committees; election of the CLWA Executive Board for 2014-15; and a block of time to discuss the proposed development at 621 Cook Road and CLWA's position on it.

And we have a really nice door prize. Remember, this meeting is for CLWA members who have paid their 2014 dues (but people can renew or join at the door).

**Enjoy the summer.**

**See you at the Boat Parade and Fireworks on June 28<sup>th</sup> and the AGM on July 19<sup>th</sup>.**

## 621 Cook Road Presentation on CLWA Website

A second open house was held on May 2, 2014 to present information on a potential development project at 621 Cook Road. The presentation and exit survey are available on the CLWA website at [www.clwa.ca](http://www.clwa.ca). Time will be devoted to a discussion of this project at the CLWA AGM on July 19<sup>th</sup>.

## Signs on the Waterway (from Ritch Smith)

We were pleased to see that M&L installed 10 KM speed signs on Cordova Road Beaver Creek Bridge during the summer of 2013. We will continue to talk with them about additional signs on the Riverview Crescent Bridge and along the creek to the mouth of the river. But, to address the issue immediately, CLWA will buy and install signs along Beaver Creek and near mouth of the river reminding people that the speed limit is 10 KM. We will also replace old CLWA signs at several boat launch locations. This effort is being coordinated by Sandy Koivusalo.

## Membership Report

### 20 new members

From Ritch Smith

At the end of May, we had 160 members. That compares to 130 on June 1, 2013, and that year's renewal rate was better than 2012, so we have a really good trend going.

We have 20 new members and that is outstanding. But we still have a few people who haven't renewed and a lot of neighbors who would probably be members if somebody would just ask them.

Our Gold Star program is a big hit again this year and we thank all of you for your generous support.

And ThankYou also to our Sign Captains Jerry and Rosemary Pascoe, Tom O'Neill, Lionel Bennett, Glenn Caverly, Bill Neill, and our newest Sign Captain Dave Green on Cook Road.

If you need a membership form, call Ritch Smith at 613-472-3490 or email us at [info@clwa.ca](mailto:info@clwa.ca).

Membership information is also available on our website [www.clwa.ca](http://www.clwa.ca).

## Please Renew Today

It's easy to forget to mail the check, or to lose the membership form, or to forget to pay it when you pay your other bills. Please, send your renewal today if you haven't already. If you have renewed – thanks. Unlike Hydro, we won't turn off your lights.

### Voting:

The alternative Voting Method "Vote by Mail" is being used for the 2014 Municipal Election in Marmora and Lake.

Voting kits will be mailed by Canada Post, to electors whose name appears on the preliminary list of electors during the week of September 15th, 2014. You will be issued one voting kit. Should you receive more than one kit, please note that it is against the law to vote more than once in a municipality (Municipal Election Act 97, s 51 (2)).

To ensure that your completed ballot (the signed declaration form and the secrecy envelope containing the ballot, placed in the yellow return envelope) is received by the Municipality prior to the voting deadline, it must be deposited with Canada Post by October 17th 2014.

The yellow return envelope may also be dropped off at the Marmora and Lake Municipal Office until October 24, 2014 during normal office hours.

### Highway 7 Crowe River Bridge:

(The work on bridge rehabilitation)

Traffic on the bridge will be restricted to one lane in the spring and fall of 2014 and spring of 2015 but two lanes during July and August of 2014.

Temporary traffic signals have been installed at the bridge and the Cameron Street entrance to Highway 7 has been closed.

The detour route for Cameron Street is by Linn Street or Nash Street. Construction is scheduled to be complete in June 2015.

### 2014 Municipal Budget:

The Marmora and Lake Municipal Council approved the 2014 Municipal budget in April with a tax levy increase of 1.75% and a tax rate decrease of 1.5%.

The total budget is \$8.787 million with an operating budget of \$5.637 million and capital budget of \$3.150 million. The budget includes work on the Deloro septic system; replacement of the McFaul Bridge on Beaver Creek; improvements at the Visitor Centre, Medical Centre, and Arena.

## Historical Society Poker Run

Sunday August 3rd (rain date August 4th) 12:00 noon 'til 3:00 p.m.  
Registration will take place from Doug Alcock's decorated boat in the middle of the lake.  
Once registered you will receive a map and clues to 5 stops around the lake and river.  
Fill your boat with family and friends and not only will you have a fun afternoon on the water, you will be supporting The Marmora Historical Foundation.

This is not a race, any boat is welcome regardless of size or speed.  
Just maybe you will be the lucky winner and take home the BIG prize.

Entry fee \$10.00 per hand

## Website for Voting Enumeration: Voterlookup.ca

You can go to voterlookup.ca to review your voter status using a site owned and managed by the Municipal Property Assessment Corporation (MPAC). MPAC is responsible for identifying all potential municipal, school board and District Social Services Administration Board electors. MPAC provides this information to election clerks in support of local election events.

[Note: Marmora will use a Vote By Mail program and ballots will be sent out during the week of September 15, so you should make sure you are on the voter list before that date in order to receive your voting package.]

Voterlookup.ca lets you:

- confirm the accuracy of your elector information;
- update your information where incorrectly recorded;
- add a name to the enumeration so that it is correctly recorded for municipal and school board voting purposes.
- voterlookup.ca cannot process requests concerning persons who are under 18 years of age on Election Day (October 27 2014).

MPAC uses this information to prepare Preliminary Lists of Electors for municipal, school board and DSSAB elections, for municipal and school board planning purposes, property assessment purposes, and preparation of jury lists and population reports.

If you have questions, contact an MPAC Customer Service Representative at 1 866 296-MPAC (6722), TTY at 1-877-TTY-MPAC (6722) or by postal mail to MPAC, P.O. Box 9808, Toronto ON M1S 5T9.

## Did You Know That...

...the answer to the joke "why did the turtle cross the road?" really is "to get to the other side". Turtles crossing the road have a destination, so if you are trying to help a turtle get across the road – recognize which way it is headed.

...Dryocopus Pileatus and Melospiza Melodia were recently spotted in Marmora? And someone heard Rana Clamitans. And a lot of people have seen Taraxacum Officinale That's a Pileated Woodpecker, a Song Sparrow, a Green Frog and the Common Dandelion. All can be seen or heard in the Nayler's Common Wetland and Trails. On June 7<sup>th</sup> there was a dedication and ribbon cutting for the new Observation Platform.

...the Marmora Landfill at 609 Station Road is open on Thursdays under the Summer Hours. Landfill hours 1 April to 1 November are Monday 7 – 3, Thursday 9 – 3 and Saturday 7 – 3.

...a popular word game using tiles to spell words in crossword fashion was invented in 1938. An early version was called LEXICO, a six-letter word worth 15 points, and it evolved into SCRABBLE, a seven-letter word worth 14 points. Today it is played in cottages and homes, on computers in on-line competition, and in organized tournaments around the world.

## First Annual Marmora Outdoor & Dive Festival

The First Annual Outdoor & Dive Festival in Ontario will be held the weekend of June 21, 2014 at Memorial Park, at Crowe River, the Curling Club, and the Community Centre. It will feature dive and non-dive events.

The Dive Festival is sponsored by Bay of Quinte Tourism, Municipality of Marmora and Lake, Ontario Underwater Council, River Diver Dive Charters, Dive Source Scuba & Snorkeling Centre, My Dive Centre, and Randy & Janet Gouge.

### Schedule

#### Saturday June 21

8 AM to Noon: A Charity Breakfast presented by Anchor for Hope Pregnancy and Family Care Centre. Community Centre

10 AM to 3 PM: Activities for kids. Memorial Park

10 AM to 4 PM: Lectures on diving including one entitled How Training in Crowe River Can Prepare You to Dive on Wrecks. Memorial Park

2:30 to 5:30 PM: Wine and Cheese in the Park with wine, beer, cider from Rosehall Run, Palatine Hills Estate Winery, ThreeDog Winery and the Country Cider Company and Winery plus cheeses and specialty food items from Glen Echo Fine Food. Memorial Park

Saturday night: an evening of music, dance, food and socializing. Marmora Curling Club

#### Sunday June 22

8 AM to Noon: A Charity Breakfast. Community Centre

10 AM to Noon: Lectures and presentations including Jim Kozmik, an underwater cinematographer presenting From Wrecks to Reefs. Memorial Park

For more information, go to their website at [www.marmoradivefest.ca](http://www.marmoradivefest.ca). You can register and purchase tickets at the website or on-site. Registration and most events will be at Memorial Park.

## Observation Platform in Nayler's Common Wetland Dedicated

On June 7<sup>th</sup>, a ribbon-cutting and dedication ceremony officially opened an important enhancement to a special area in Marmora, an observation platform overlooking the marsh in the Nayler's Common. The platform provides a great view of the wide variety of plants and animals in the wetland and it is easily accessed from the Red Trail. The Commons can be entered from Highway #7 and Drummond Park. Both of these locations provide information brochures and show maps of the trails and the location of the observation platform.

Wetlands are distinct ecosystems with vegetation that is adapted to its unique soil conditions. Flooded or wet for all or part of the year, the water in a wetland can be freshwater or saltwater or a brackish combination.

Nayler's is a freshwater wetland. Wetlands have a number of roles in the environment, principally water purification, flood control, and shoreline stability. They are the most biologically diverse of all ecosystems and provide a home to a wide variety of plant and animal life. They are recognized around the world as special and diverse areas and their protection has been strengthened in recent years by changes in Provincial policies and regulation and by programs to increase public awareness.

The Nayler's Common is a 20 hectare area of forest and wetland acquired by the Township in the early 1990s to provide a safe recreational area in an ecologically diverse area, to develop the property in an environmentally sound fashion for education and recreation, and to enhance the knowledge of the human population about the plant and animal population around them. It was part of a commercial brick making operation owned by John W Nayler in the 1880s and 90s. The clay in the area was baked in kilns on the property and became about 75,000 bricks for many of the homes and businesses in Marmora. The clay in the area ran out and the brickyard was abandoned about 1911.

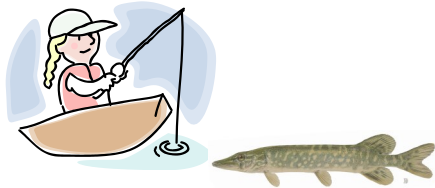

Today three trails and the observation platform provide the chance to see streams, marsh and swamp areas, beaver ponds, and a wide variety of wild flowers, trees, shrubs, and birds. A boardwalk system is in the planning stages but resources (money, material, labour) are needed.

The initiative of the Marmora and Lake Environmental Advisory Committee, the leadership and expertise of Curtis Trimble, Manager of Parks and Recreation, and the financial support of the Toronto Dominion Bank's Friends of the Environment Foundation, were critical to making this happen. Contractors Corey Burgess and Brad Dorie gave their time and skill to the construction and the Stewardship Youth Rangers, of the Peterborough Youth Program funded by MNR, provided the greatly appreciated manual labour.

**Toy Mountain on the Lake, or,  
Is That Elf Wearing a PFD?**

*from Elinor White*

On Saturday August 2<sup>nd</sup>, from Noon to 3 PM, your Crowe Lake Waterway Association and the Marmora Fire Department will assemble several boats on the lake off shore from the Marble Point Lodge to collect new, unwrapped toys in support of the TD Bank Christmas Angel Tree.

We are hoping to see several of our members and other waterside property owners come out to our flotilla and donate new toys for children aged 2 through to 13.

The Angel Tree program assists several children in the Marmora and Lake area who would have a very bleak Christmas without your help. The rain date is Sunday, August 3<sup>rd</sup> same time and same location.

# The Top 10 Ways to Help Control Invasive Species

from Norma Crofts

10. Check your pets. Invasive seeds can be carried in the fur and mud on pets.

9. Buy firewood locally. Invasive insects like the Emerald Ash Borer and the Asian Long-horned Beetle can be carried on firewood.

8. Clean bikes before moving to new locations. Mud on bikes can carry seeds of invasive plants like Garlic Mustard and Dog-strangling Vine.

7. Clean ATVs before transport. Mud on ATVs and trail equipment can harbor invasive plant seeds.

6. Look for and use non-invasive plants in your garden. Some ornamental plants can be invasive. Soil can carry seeds, exotic earthworms, or European Fire Ants.

5. Boots. Clean the mud off, check for seeds and insects.

4. Inspect patio furniture. Lawn chairs can harbor invasive insects such as European Earwigs or seeds of invasive plants.

3. Dispose of bait fish at least 30m from the water's edge and dispose of worms in the trash. Improper disposal of live bait can introduce new species. Know the rules for bait use in Ontario.

2. Inspect and clean your boat and motor before moving to a new water body. Boats and other watercraft can carry invasive plants and animals such as Zebra Mussels, Spiny Water Flea and European Earwigs.

1. Learn about invasive species and watch out for them.

## Ticks

From Cottage Life Magazine

**A closer look:** Ticks resemble flattened, miniature crabs. You are most likely to find one when it is attached to your body or clothing (or dog). Adults have eight legs; they're arachnids, not insects.

**Action time:** Ticks may hitchhike at any time—day or night. The time of year varies by species; American dog tick adults are more plentiful from spring to early summer, and adult blacklegged, or deer, ticks (the ones that transmit Lyme disease) peak in the fall.

**Avoid the bite:** Stick to trails and more open areas and tuck in clothing. Strong, DEET-based repellent can be sprayed on pants, socks, and shoes. Check your clothing and body daily. Remove ticks by seizing the head as close to your skin as possible with blunt tweezers and pulling. Removed early, there is little chance that ticks will transmit disease, but you should wash and disinfect the area of the bite. If the tick is removed after more than 24 hours, save it and note the date and location, says Robbin Lindsay of the Public Health Agency of Canada; if you develop symptoms in the next one to two weeks (look for a rash—bull's eye or otherwise), see your doctor, taking the tick for identification.

**Systemic symptoms:** including multiple rashes, a low-grade fever, neck stiffness, fatigue, and severe headaches can appear two to six weeks after a bite from an infected tick, even if no rash developed earlier on.

**Amazing fact:** After a full blood meal, a tick may be 30 to 60 times its starting size.

## Photo Contest Accepting Entries July 1<sup>st</sup> to November 1, 2014

This year's photo contest is open to anyone with the exception of the CLWA board members. Photos must be in a JPEG digital or printed 4"x6" formats for the three categories:

**Crowe Lake and Its Beauty**  
**Wildlife Around the Crowe**  
**Recreation of the Crowe Lake Waterways**

Prizes for each category are:

1<sup>st</sup> prize \$50; 2<sup>nd</sup> prize \$30; 3<sup>rd</sup> prize \$20.

Photographs must be taken around Crowe Lake, Crowe River or Beaver Creek to be eligible. Each photo requires your name, address, telephone number, *photo caption or title*, date and information on where the photograph was taken. To win, photos must have been taken within two years of contest.

Each person can enter a limit of one entry per category for a total maximum of three (3) pictures. A maximum of two prizes per person will be awarded. By entering, you are acknowledging your permission for CLWA to use your photo.

Printed photos are to be mailed to: Crowe Lake Waterway Association, Box 192, Marmora, ON, K0K 2M0 or dropped in the CLWA box at Marmora Insurance (Bennett's) on Forsythe.

On line entries are to be emailed to:

[info@clwa.ca](mailto:info@clwa.ca)

Full contest rules are on our web site at:

[www.clwa.ca](http://www.clwa.ca)

## Buoys on the Lake Update - "Helping To Keep Boating Safer On The Crowe"

After a hard winter, followed by a flood in the spring, it's time to enjoy another boating season.

Rob Harding is back this year to place and maintain the rocks and shoals buoys on the Crowe. Rob was busy in the spring getting the buoys cleaned up and ready to go. Despite the effects of the flood, he was able to place all the markers for the long weekend in May, a job well done. During the boating season, Rob will be checking the markers and replacing them as required, right up until the Thanksgiving Weekend, the end of the season.

This year we will be slowly introducing a new look to the CLWA markers. Currently, our markers are white with a 2 inch wide red reflective stripe. Unfortunately, the red reflective tape is no longer available. However, through much research we were able to find a product that is more reflective in a low light condition, yet withstand the exposure of a wet environment.

The material is 3M Scotchlite Reflective Material – SOLAS (Safety of Life at Sea). This product is intended for reflectorizing SOLAS life support equipment such as life vests, jackets, and rafts. It is used to enhance visibility of life-saving equipment in nighttime, or low-light conditions.

It is used to enhance visibility of life-saving equipment in nighttime, or low-light conditions.

The 2 inch wide tape is silver in colour under day-time viewing conditions and reflect a bright white when illuminated by a light source. It's this reflective quality that makes this product quite intriguing. So as the "old" markers are in need of replacing, these "new" markers will be taking their place.

**On another note**, Rocks and Shoals needs your help. We use old brake rotors as weights to hold the markers in place. On occasion we lose one or two over the season.

Should your vehicle require a "brake job" and new rotors are part of the fix, please ask your mechanic for your used rotors, we can use them. Just let us know where we can pick them up.

As in the past, if you see one of our buoys, with the CLWA Logo washed up on shore or floating down the Crowe, please retrieve it and let one us know, so we can put it back in service.

Having said that, The CLWA wishes everyone a Safe and Fun Boating Season!

by Doug Theurle

### DISCLAIMER

The Crowe Lake Waterway Association (CLWA) assumes no responsibility for the accuracy or completeness of these or other hazard markers. Their installation and maintenance is solely an assist to safe boating. Boaters are still required to exercise caution in respect to water depth and unforeseen hazards.
