2021 Photo Contest Winners

Programmes and Activities

- Work with local municipalities and Conservation Authorities on issues of importance to the health of Crowe Lake.
- Endorsement of the Marmora Pumped Storage project.
- Installation of 10 KPM speed sign on Beaver Creek bridge.
- Staying in touch with local government to promote our goals and to keep stressing the importance of the environment.

We Care!

Join in supporting our goals.

Crowe Lake Waterway promotes and encourages the following responsible stewardship activities:

- Respect property lines
- Be considerate of others by skiing and boarding out from the shore, as required in the boating regulations.
- Use environmentally friendly products and avoid the use of harsh chemicals.
- Understand how your septic system works.
- Observe the speed limits on the Crowe River and Beaver Creek
- Follow safe boating regulations and use approved flotation devices.
- Maintain a strip of natural vegetation at the shore line

Protect our wildlife and their habitat.
